

EP02-1K08

- 1/2" thread straight type resistance thermometer
- Protecting tube diameter and immersion length is optional
- Three wire installation
- No inset in standard and operation up to 400 °C
- Operation at higher temperatures require inset and is order option

Electrical Characteristics

Element Type	Pt-100
Protecting Tube Diameter	8 mm
Number of Element	Double
Process Connection	Screw connection (thread) 1/2"
Immersion Length (mm)	100, 150, 250, 350, 500, 700
