

ETB30F06

- Bayonet type thermocouple
- Used in easy environment in terms of working conditions
- Mounted with fixed cables and secured with spring compression to their location of installation
- Can not used for liquids or humid conditions

Electrical Characteristics

Element Type	Fe-Const
Protecting Tube Diameter	6 mm
Process Connection	M12x1.75
Immersion Length	30 mm
Cable Length (mt)	1, 1.5, 2, 3, 4, 5
